Torreón, Coah. Mexico · [linkedin.com/miguel-castro/](https://www.linkedin.com/miguel-castro/) · +52 8715722538 · mikeangel7879@gmail.com

*More than 4 years of experience as a Software developer. I led a team of 5 developers to make an ERP of an enterprise using React and Laravel like main technologies, making the system portable for workers and easier to use with the help of the MUI library, also saving 15% of time in the main process of the company.*

## Professional experience

### Grupo Confia

**Torreón, Coah**

Fullstack developer (ASP.NET, React, SQL Server)

*August 2024–February 2025*

- I developed many stored procedures to optimize some processes of the company like the voucher exchange and the payment of vouchers,
- I developed some modules to upload CSV files using templates used by the employees to charge the data at the database
- I made a system to generate SPEI codes on the database to make payments increasing the profits of the company

### Intergas del Norte

**Torreón, Coah**

Fullstack developer (Laravel, React, SQL Server)

*May 2023–August 2024*

- I optimized development times by approximately three hours per module by creating a dynamic drawing component, in React for generating reports, forms, and tables using JSON, ensuring responsiveness across various devices.
- I facilitated the sales process to obtain the readings of the sales units, saving between 10 and 15 minutes by unity

### Ditapps

**Torreón, Coah**

Mid Time Project Manager (Laravel, React, PostgreSQL, DigitalOcean)

*April 2023–Dec 2023*

- I managed the development of an ERP for medical companies to send diagnosis to patients and deploy the application using Digital Ocean

### Solidusystems

**Torreón, Coah**

Fullstack Developer / DevOps (AdonisJS, Angular, DigitalOcean, PostgreSQL)

*April 2022–Sept 2023*

- I developed many modules of projects about shipments and personal loans using AdonisJS and Angular
- I deploy 3 projects using Digital Ocean

### Oler Fumigaciones

**Torreón, Coah**

Fullstack Developer (PHP, MySQL, HTML, CSS, AWS)

*May 2020–Apr 2021*

- I developed an ERP to take orders and taxes for many clients. Also I deployed it into AWS

## EDUCACIÓN

### Universidad Tecnológica de Torreón

**Torreón, Coah**

TSU | ING Development and Management of Software

*Sep 2019 - May 2024*

## ADDITIONAL SKILLS

- Native Spanish, and level B2 on English
- Experience in team leadership and requirements gathering using tools like Asana
- Experience working with various technology stacks.
- Self-management capacity with many projects
